Bali

Hace años que tenemos un idilio con la isla indonesia de Bali. Su luz, sus impresionantes paisajes salvajes, sus playas vírgenes y su gente nos conquistaron desde el primer momento. Cuando los hermanos Revert, fundadores de Skyline Design, pisaron esta espectacular región, supieron que era la localización perfecta para fotografiar su catálogo, y así ha seguido siendo los últimos años.

Esta vez hemos querido centrarnos en la espesa vegetación y la maravillosa paleta de verdes que nos ofrece la isla, seleccionando espacios y modernas villas donde nuestros muebles brillen con luz propia, se pueda apreciar su máximo potencial y transporten al espectador haciéndole soñar y desear con poder estar disfrutando bajo el sol de Bali en uno de nuestras cómodas y bonitas piezas.

For years we have had an idyll with the Indonesian island of Bali. Its light, its impressive wild landscapes, its virgin beaches and its people conquered us from the first moment. When the Revert brothers, founders of Skyline Design, stepped on this spectacular region, they knew it was the perfect location to photograph their catalogue, and this has continued to be the last years.

This time we wanted to focus on the thick vegetation and the wonderful palette of greens that the island offers, selecting spaces and modern villas where our furniture shines with its own light, you can appreciate its maximum potential and transport the viewer making him dream and wish to be enjoying under the sun of Bali in one of our comfortable and beautiful pieces.

Somos una marca española dedicada al diseño, fabricación y distribución de mobiliario exterior de lujo alrededor del mundo. Nuestra firma es reconocida principalmente por nuestras espectaculares daybeds, que han sido seleccionadas para amueblar a muchos resorts y hoteles de las principales cadenas hoteleras del mundo como Palladium, Hyatt, Sheraton, Hilton o Marriot entre otras. Estas piezas aportan un sofisticado diseño a los espacios que amuebla y una agradable sensación de lujo y confort a quien las disfruta, ambos puntos clave de su éxito.

We are a Spanish luxury outdoor furniture brand which designs, manufactures and distributes around the world. Our brand is mainly recognized for our spectacular daybeds, which has been chosen to furnish many hotels and resorts of the main hotel chains of the globe such as Palladium, Hyatt, Sheraton, Hilton or Marriot among others. These pieces contribute a sophisticated design to the spaces that furnish and a pleasant sensation of luxury and comfort to those who enjoy them, both key points of our success.

Ponemos especial cuidado en la fabricación de nuestros productos, seleccionando materiales de alta calidad, como fibras sintéticas, aluminio o tapicería impermeable, todos ellos seguros para el medio ambiente y 100% reciclables. Los acabados artesanales del proceso de fabricación, como los trenzados, dan un toque especial de personalidad a nuestras piezas.

We take a special careful development of our products using high quality materials such as synthetic fibers, aluminium or waterproof upholstery, that are safe for the environment and 100% recyclable. The handmade finishes of the manufacturing process like the artisan weaving, gives a special touch of personality to our pieces.

Con una sólida red de distribución alrededor del mundo, conseguimos estar presentes en los cinco continentes, siendo Indonesia nuestro punto de fabricación exclusivo. A esto hay que sumar el nuevo e impresionante showroom que inauguraremos próximamente en la ciudad de Surabaya (Indonesia) y que sin duda supondrá un nuevo triunfo para el reconocimiento de nuestra marca.

With a solid distribution network around the world, we have managed to be present in the five continents, being Indonesia our exclusive manufacturing point. To this must be added the new and impressive showroom that we recently opened in the city of Surabaya (Indonesia) and that will undoubtedly be a new triumph for the recognition of our brand.

COLLECTION

ONA

Ona refleja la calma, una ruptura con la naturaleza de la monotonía. Es una línea de producto de concepto sencillo, pero muy completa, con gran cantidad de detalles que aportan un carácter mediterráneo a la colección. El juego entre la madera, los almohadones y el trenzado del respaldo son elementos que se entrelazan entre sí como se mezcla el agua, la espuma y la arena de la playa.

Ona a calm natural reflection of nature, it's simple concept of low platform seating with luxury deep upholstery, finely detailed woven back supports and use of natural materials create a modern mediterranean character to the collection. Modular pieces make for totally versatile arrangements to maximize your space.

COLLECTION

MOMA

Esta sofisticada colección ha sido diseñada para destacar. Su característico trenzado le aporta ligereza, mientras que las sinuosas estructuras de aluminio dotan a las piezas de una aparente robustez. El lacado carbón y la cuerda antracita potencia el look moderno y perdurable en el tiempo. Una vez más, conseguimos una colección versátil con una estética que consigue adaptarse perfectamente a cualquier espacio, ya sea relajado o exclusivo.

This sophisticated collection has been designed to stand out from the crowd. Its characteristic knotted rope weaving gives it lightness, while the sinuous aluminium structures give the strength needed in the modern world. The carbon lacquer and anthracite rope emphasise the modern and timeless look.

Once again, we get a versatile collection with an aesthetic that manages to adapt perfectly to any space, whether relaxed or formal.

BANDIDO

La colección Bandido es sinónimo de versatilidad y discreción. Su diseño minimalista contrasta con el detalle trenzado que envuelve al asiento, lo que ofrece la posibilidad de adaptación de la línea a espacios y estilos diversos, tanto para hogar como para contract. Un verdadero cautivador que se adueñará de tu atención.

Bandido's minimalistic design contrasts with its wide unique weaving details and use of sharply contrasting colours, giving possibilities to style both homes and commercial projects. As the name suggests, Bandido breaks the mould of conformity.

COLLECTION

WINDSOR

Una colección marcada por la unión de lo tradicional y lo moderno. Los gruesos cojines se convierten en lo más destacado de los sofás, aportando un extra de comodidad a la pieza cuyo toque artesanal se aprecia en el trenzado de los respaldos tejidos a mano. El aluminio blanco lacado y la madera de teka maciza se unen en mesas y estructuras para conseguir el perfecto equilibrio aportando calidez y fuerza a las piezas.

A collection characterized by the union of tradition and modernity. The thick cushions become the highlight of the sofas, providing extra comfort to the pieces whose artisan touch is appreciated in the weave of the hand-woven backrests.

The white lacquered aluminium and the solid teak wood table tops and structures to achieve the perfect balance, providing warmth and strength to the pieces.

COLLECTION

MARTIN

Nuestra opción más casual debido, en parte, a su enorme adaptabilidad. Su delicado trenzado combina fibras de distinto grosor que no llegan a juntarse entre sí, siendo el acabado Seashell nuestro favorito por su gran versatilidad.

Con un arquitectónico diseño de líneas rectas y curvas, se convierte en la opción perfecta para amueblar espacios tanto de estética relajada como tremendamente modernos.

Our most casual option due to its enormous adaptability. Its delicate weaving combinations of different widths giving rise to its unique look together, in Seashell finish, our favorite for its great natural feel and creative inspiration with an architectural design of straight lines and curves, it becomes the perfect choice to furnish spaces for contemporary elegance.

COLLECTION

TUSCANY

Divertida, arriesgada y moderna, es nuestra apuesta más transgresora. Sus ligeras estructuras están realizadas en aluminio lacado en color blanco puro texturizado, siendo los respaldos y reposabrazos los elementos más característicos de las piezas debido a sus orgánicos semicírculos forrados con cuerda de polietileno de color azul cielo.

Fun, risky and trendy, it is our most progressive bet yet. Its lightweight structures are made of lacquered aluminium in white finish, tightly bound poly rope in stunning turquoise. Stunning arches combine to make this collection truly unique, even if a little eccentric.

SKYLINE DESIGN® PRODUCTS MAINTENANCE

MATERIALES Y MANTENIMIENTO

ALUMINIO

El aluminio es un metal perfecto para la fabricación de muebles de exterior debido a sus propiedades antioxidantes, su ligereza y su gran durabilidad, así como por su gran resistencia a golpes y arañazos. Utilizamos aluminio reforzado de entre 1,8mm y 3mm de grosor. Gracias a sus propiedades antioxidantes, se trata de un material ideal para su uso en zonas costeras. Para un correcto mantenimiento recomendamos limpiar regularmente con agua templada y jabón.

TEKA

La Teka es una madera con unas propiedades excelentes para la fabricación de mobiliario de uso exterior por su gran resistencia, impermeabilidad, y su gran dureza. El secreto de su gran resistencia a la intemperie se basa en sus ceñidas vetas y aceites naturales. Su limitada absorción de humedad la protege de posibles deformaciones. Para su correcto mantenimiento limpiar con agua y jabón neutro. Igualmente, se recomienda la aplicación esporádica de aceites específicos para Teka que no contengan alcohol ni sustancias químicas.

FIBRA SINTÉTICA

Fibras de polietileno de alta densidad diseñadas específicamente para la fabricación de mobiliario de exteriores. Además de su resistencia a los rayos ultravioleta a la intemperie y a temperaturas extremas, es un material resistente a los impactos y a la decoloración, duradero, fácil de limpiar y respetuoso con el medio ambiente.

CUERDAS

Limpiar con agua y una solución jabonosa con un paño suave o un cepillo de cerdas suaves, teniendo cuidado de no deshilacharlo. Las tiras de poli y la cuerda se pueden lavar para una limpieza profunda eficaz.

TELAS

Tejidos diseñados para resistir todo tipo de condiciones climatológicas. Ideal para su uso tanto en interior como en exterior. Sus fibras se impregnan en tinte durante el proceso de fabricación, dando como resultado tejidos de gran durabilidad. El tratamiento aplicado a los tejidos Sunbrella les otorga capacidad para repeler el agua y la suciedad, haciéndolos extremadamente fáciles de limpiar. Para su correcto mantenimiento se recomienda lavar a máquina a temperatura no superior a 40°C. Aquellos tejidos que no puedan ser quitados para su lavado a máquina, se pueden lavar a mano con un cepillo suave, agua, jabón y dejar secar al aire libre.

Las fundas de Skyline Design son impermeables y repelen el agua, el aceite y la suciedad, protegiendo el mueble de forma eficaz. No utilizar para cubrir los cojines de forma permanente, porque se podría formar humedad junto a las costuras de la funda y dejar manchas de moho en la tela. Antes de utilizar las fundas, el mueble y los cojines tienen que estar secos. Tenga en cuenta que las fundas están adaptadas especialmente a sus muebles y es necesario colocarlas correctamente. No guardar o doblar las fundas húmedas, dejar que se sequen en un lugar con buena ventilación. Para limpiar las fundas utilice un paño suave, agua caliente y un producto de limpieza suave si es necesario. Los disolventes no son aptos para la limpieza de las fundas porque pueden atacar, dañar o decolorar la superficie a tratar.

MATERIALS & MAINTENANCE

ALUMINIUM

Near perfect material for outdoor furniture, it is lightweight, durable and does not rust. Skyline only use the best Aluminium, powder coated to ensure a surface resistant to knocks and scratching. Easy care, we recommend washing down with warm soapy water and a soft cloth. Do not use abrasive cleaner or application to avoid scratching.

TEAK

An excellent outdoor timber and perfect for outdoor furnishing. Resistant to decay due to natural oils and strong nature, repels water, resists warping and shrinkage. In order to maintain your Teak, we recommend cleaning with clean water and PH neutral soap. Over time your Teak with fade to a silvery grey colour. To bring back to it's rich original colour, we recommend the application of a Teak oil to the surface to renew it's rich colour and texture.

FIBER

High-density polyethylene wicker developed to meet all standard specifications for outdoor furniture. This weaving material offers a carefree outdoor furniture, UV resistant, weatherproof and temperature resistant, strong and durable, colorfast, scratch-free easy to clean, environmentally friendly and 100% recyclable.

POLY STRAPS & ROPE

Clean with water and soap solution with a soft cloth or soft bristle brush, be careful not to cause fraying. Poly straps and rope can be power washed for effective deep cleaning.

FABRICS

Innovative fabrics designed to withstand all types of weather, ideal for both indoor and outdoor applications. Sunbrella fibers are steeped in top quality dyes during the manufacturing process making it ultra-durable. The finishing treatment applied to all Sunbrella fabrics repels liquids and dirt, making them extremely easy to keep clean. Sunbrella fabrics can be machine washed at 40°C. Fabric covers that cannot be removed for washing can be cleaned with a soft-bristle brush and soapy water. Rinse with clear water and let air dry.

SKYLINE DESIGN® COVERS

Skyline Design covers are backcoated to resist water, oil and dirt, functioning to protect the furniture. They are not recommended as a permanent cover for cushions, as moisture may collect and lead to the formation of mold stains. Furniture and cushions should be thoroughly dry before using the covers. Please note that the covers are especially tailored to your furniture item and precise placement is required (indicated by the yellow or brown piping). Never pack or fold covers that have become wet; instead, let them dry in a well-ventilated place. Use a soft cloth and warm water to clean the covers, using a gentle upholstery cleaner if necessary. Solvents are not suitable for cleaning the covers as these are aggressive to the surface and may cause damage and decoloration.
